Additional Time _____	Hours _____		Other/Deposit \$ _____
Caterer Name & # _____			Tax \$ _____
Bartender Name & # _____			Total \$ _____

I, the above-named and under-signed, do hereby understand and accept that a 50% **nonrefundable** deposit is required to hold my charter date with the remainder to be paid in full no later than 30 days prior to charter date. Only corporate, bank cashier and travelers' checks, money orders and cash can be accepted for payments. **No cancellations can be made after the deposit is paid, but the date may be changed if new date is available in the same season. Due to scheduling conflicts, no date changes can occur once full payment has been received.** I fully understand that JT's takes the boat off the market and would lose revenue for not being able to reschedule another charter at short notice. I also understand that weather or other conditions might delay or prevent the start, cause early termination and/or postpone the charter. If the charter is postponed by JT's due to unsafe conditions, the payments will be applied to a new date, subject to availability. **SORRY, NO REFUNDS.** Rescheduled charter must be completed within same season as postponed date. If my group, caterer, musician, or other person(s) or event(s) delay(s) the charter's start time, no money will be refunded, and no time can be credited. I agree to inform all participants of charter's requirements so that everyone will arrive properly. If charter is delayed by JT's actions, weather conditions or previous charter, time will be added or rain check given for lost time. I understand that it is my responsibility to inform my group of available parking, fees, restrictions or permission needed at and directions to the facility. Free parking in grass circle with map shown: www.JTsBoatRentals.com. JT's does not arrange parking passes or endorse any parks, marinas, homeowner's property, Army Corps of Engineers land/lake shore, etc., as travel time to other locations comes off rental time. Please note: charter time begins when vessel leaves home slip* and ends when it returns to same slip. ***Entire party must be loaded/unloaded at the same time within 30 mins. before/after rental time. No pets/diving.** I further acknowledge that JT's has the right to terminate the charter at any time if the operator determines that it is unsafe to continue the charter because of weather or unruly behavior. Individual(s) may be required to disembark vessel so that the charter can continue without incident. **All those entering the water must wear swim attire and a life vest that must not be removed while in the water. JT's highly recommends that non-swimmers NOT enter the water. Under-age drinking, drugs, weapons, flammables, fireworks, nudity or night swims are strictly prohibited.** Moreover, I agree that I am responsible for my group and can be ticketed and/or taken to jail by TX Parks & Wildlife. JT's accepts no liability and recommends a certified TABC server be hired by group to avoid any infractions. **Group will also interpret rules to non-English speaking persons.** All participants must sign/print names on liability/swim waiver and receive a safety orientation upon boarding.
